Textbooks:

The text for this class is currently out of print. We will have loaner books for your use. If you would like to purchase your own copy, there are some websites that you can still find them. Below is the information you'll need to search for it:

"Pearson Prehospital Emergency Care 10th Edition"

Hard Copy:

ISBN-10: 0-13-336913-7

ISBN-13: 978-0-13-336913-7

Digital Copy:

<https://www.pearson.com/us/higher-education/program/Mistovich-Prehospital-Emergency-Care-10th-Edition/PGM1734970.html?tab=order>

Uniform:

You'll need navy blue pants (not jeans) to wear with the T-Shirt assigned for clinical days. You can wear plain blue work pants or blue "EMS pants", your choice.

Recommendations:

I highly recommend buying a blood pressure cuff and stethoscope of your own during class for at home practice. We will have some for in class purposes, however they will remain here. One of the most vital skills as an EMT you can have is the ability to take manual vital signs correctly. Practicing when not in class goes a long way to perfecting this skill set. You can find sets like this for less than \$30 on Amazon and WalMart.com.
